

*Our Nurse Ministry ~ established in 2000 ~ has been active now for over 24 years. We address the needs of mind, body, and spirit of our parish community following the example of our Lord Jesus who came to bring healing and peace. Throughout the years, we've held 2 health fairs, provided education through guest speakers, held CPR trainings, and provided the parish with an AED machine. Our ministry does not do "hand on" nursing.*

*Currently, we primarily provide current, educational health articles for the bulletin. When needed, we will provide and assist - if necessary - parishioners with getting the proper knowledge and resources setup when needed. We also sponsor an Annual Christmas Dinner for the women within the Parish.*

*We are ALWAYS looking for new members and ideas to benefit our parish family. We are reaching out to our faith community of healthcare professionals for some much-needed support. If you are a nurse (or know someone who is) and are willing to volunteer a few moments of your time and skills, we'd love to have you join us in providing essential care and assistance during church events.*

*Your expertise will make a meaningful difference, and your presence will be a blessing to many. Whether it's offering basic first aid or just being a comforting presence, your help will go a long way in ensuring everyone's health and safety. If you're interested in volunteering or would like more information, please contact our parish office: 610.693.5851; [stfrancisrob82@verizon.net](mailto:stfrancisrob82@verizon.net).*

*Prayerfully consider joining this important mission of our congregation!*

*Blessings,*

*St. Francis de Sales Parish Nurse Ministry*
